LES MANUFACTURES ALAIN DUCASSE
ANNOUNCE
RESTAURANT RIVEA IN CORSO CAP 3000

ALL THE SHORES OF THE MEDITERRANEAN

In 2022, Les Manufactures Alain Ducasse has chosen Corso CAP3000 to open their first boutique Le Chocolat in Provence-Alpes-Côte d'Azur and the new restaurant of the Ducasse Paris group, RIVEA.

The restaurant offers a "cuisine du soleil", inspired by all the shores of the Mediterranean: cuisines of Provence and Italy but also cuisines a little further away but culturally so close like those of Greece, Lebanon or North Africa. The mezze from the Land of the Cedars meet the vitello tonnato from Piedmont, the panisse from Nice dialogues with the falafels from Lebanon and spanakopita from the Cyclades. Rivea brings together all these culinary traditions and gives them a contemporary, friendly expression, full of life and flavours to share.

The design of the restaurant is signed by the Jouin-Manku agency in the codes of the Alain Ducasse Manufactures. A sunny terrace offers a remarkable view of the Mediterranean Sea. Inside, the lines are refined and the huge bay windows give a bright and warm atmosphere.

Les Manufactures Alain Ducasse also offer take-away gelatos, sorbets and granitas with 14 sharp & surprising flavours - as well as exceptional coffees.
